## QUALITY POLICY STATEMENT

The aim of Tubefuse Technologies Limited is to grow its business by delivering consistent, flexible services satisfying our customers' needs and maximising our potential in target markets.

To achieve this we are committed to:

- Demonstrating passion for the business, communicating, sharing and acting upon a meaningful vision for the future.
- Displaying a clear understanding of our customers and recognising the need for change and adding value.
- Providing customers with quality assurance and technical integrity of our products and services which meet their functional specifications and are in synergy with the customer's applications in all instances.
- Promoting the culture of continual quality improvements and the philosophy of getting things "right first time".
- Enhancing the skills of management and staff through reviews and actively pursuing an on-going training policy, the objective of which is to prepare staff to perform their work more effectively.
- Rigorously controlling the supply, installation and completion to programme of all projects.
- Promoting the quality management systems and ensuring implementation is achieved by internal auditing, management review, corrective and preventive action.

Signed: 

**Geert Van Wijk**  
**CEO – Tubefuse Technologies Limited**
